

Mindjet® MindManager® Upgrade Chart

New and improved features make it easier than ever to capture, organize and communicate your ideas and information.

✓ = Feature included ✓ = Enhanced in Mindjet MindManager 6 ✓ = New Feature in Mindjet MindManager 6

		Pro 6	Basic 6	X5 Pro
Core Mapping				
Capture Ideas	Capture ideas and notes directly in your map. Start using the instant brainstorming arrow.	✓	✓	✓
Topic Rollover	Options for quickly editing, moving and resizing Topics.	✓	✓	
Menu Bar	Topic menu added; other menu actions reorganized.	✓	✓	
Select Map Content	Instantly select multiple Topics with a single click and drag action.	✓	✓	✓
Hyperlinks to Web or Files	Link to any Web site, map or file, including graphics, spreadsheets, docs, PDFs and more.	✓	✓	✓
Insert Date/ Time	Better manage map versions by inserting the current date or time into Topics.	✓	✓	✓
Topic Notes	Add Topic Notes including pictures, tables and hyperlinks.	✓	✓	✓
Paste Special	Insert clipboard content as a bitmap, hyperlink or file.	✓	✓	
Spell Check	Quickly identify and correct misspelled words.	✓	✓	✓
Print	Flexible printing options save time and effort.	✓	✓	✓
Customizable Library	Contains professional images, icons and backgrounds.	✓	✓	✓
Multimap View	See all linked maps as thumbnails in order to easily navigate through them.	✓	✓	✓
Presentation Mode	Maps make a powerful presentation tool, offering the ability to focus on specific levels of content.	✓	✓	✓
Learning Center	In-depth suite of resources includes Animated Tutorials, Sample Maps and Tips & Tricks.	✓	✓	✓
International Unicode	Support for left-to-right double-byte characters.	✓	✓	✓
Visual Elements & Navigation				
Balance Map	Automatically distributes Topics to visually balance your map.	✓	✓	
Professional Map Style	Default styles for Topics, borders, backgrounds and more ensure professional-looking maps.	✓	✓	✓
Topic Numbering	Easily keep track of Topics and sub-Topics; the numbering format persists as Topics are added, deleted and moved.	✓	✓	
Summary Boundaries	Quickly group related Topics.	✓	✓	
Text Marker	Use markers to speed and clarify communication.	✓	✓	
Format Painter	Instantly apply Topic format to other Topics using a single click and drag action.	✓	✓	✓
Boundaries	Use boundaries to visually group related information or emphasize Topics.	✓	✓	✓
Relationships	Visually draw a connection between two Topics using colorful arrows and lines.	✓	✓	✓
Floating and Callout Topics	Annotate information on your map using Floating and Callout Topics.	✓	✓	✓
Advanced Formatting Toolbar	Toolbar selections – including Line Style and Anchor, Text and Image Alignment – benefit power users.	✓	✓	
Styles	Customize the look and feel of your maps using a variety of professional styles.	✓	✓	✓
Map Templates	Save time by reusing specific Topics, formats and/ or content.	✓	✓	✓
Outline View	Edit maps in Outline View; changes are immediately reflected in Map View.	✓	✓	✓

		Pro 6	Basic 6	X5 Pro
Microsoft® Office Integration				
Microsoft PowerPoint®	Preview slides and fine-tune your presentation in MindManager before exporting to Microsoft PowerPoint®.	✓	✓	✓
Microsoft Word®	Plan and organize large documents, then export to Microsoft Word® or import documents into maps.	✓	✓	✓
Microsoft Internet Explorer®	Link a web page title to your map and import web page information as a Topic.	✓	✓	
Microsoft Outlook®	Integrate with Outlook Email, Calendar, Contacts, Tasks, Notes and Folders.	✓		✓
Project and Process Management				
Microsoft Excel®	Link your map to a Microsoft Excel® spreadsheet data range. The spreadsheet displays in the map; change the spreadsheet and the map automatically updates.	✓		
Microsoft Project®	Brainstorm project components, assign tasks and resources and then export to Microsoft Project®.	✓		✓
Microsoft Visio®	Create process diagrams by exporting map content to Microsoft Visio®.	✓		
Charts and Spreadsheets	Capture key spreadsheet data and display in a map. Easily convert spreadsheet data into charts.	✓	✓	
Organization Chart Layout	Quickly visualize team structures.	✓	✓	
Publishing				
PDF Export	Publish maps to PDF format for platform independent distribution.	✓		✓
Bitmap Export	Export maps or selected Topics in bitmap format, then paste into other programs.	✓	✓	✓
Export as Web Page	Instantly convert map content into professional-looking web pages for publishing to a Web site or intranet.	✓	✓	✓
Collaboration				
Insert Attachments	Attach multiple files to a Topic.	✓		
Map Markers	Organize maps using visual content defined in a dynamically updated legend.	✓	✓	✓
Task Information	Efficiently plan projects by assigning timeframes and resources to Topics. Data appears below the Topic for easy reference.	✓	✓	✓
Topic Alerts	Get reminded when a Topic action is required. MindManager Topic Alerts synchronizes with your Microsoft Outlook® Calendar enabling you to stay current on Topic due dates.	✓		
Pack & Go	Zip maps with all linked files for quick and easy distribution.	✓	✓	✓
Timer	Keep track of time remaining to stay on schedule.	✓		
Review Mode	Easily track Topic changes made by others. Use the new Review toolbar to quickly accept and reject review Topics.	✓		
Extensibility/ Customization				
Custom Properties	Add custom fields to a Topic; define their properties to create a reusable set of information.	✓		
XML Transformation	Use industry standard XSLT scripts for input/ output and content conversion.	✓		✓
SmartMap Parts	Create custom Map Parts and productivity solutions.	✓		✓
Macro Editor	Create and edit add-in scripts to develop custom functionality.	✓		✓
